South Carolina Retirement Systems' Regional Retirement Seminars

*Retiring South Carolina's Public Workforce
For Life*

Are you getting close? To retirement, that is!

Have you started to consider things like:

- When can I retire?
- How much will my benefit be each month?
- Will my health insurance coverage change?
- How much will my health insurance cost?
- Is it possible to retire earlier?
- What about the TERI program?
- Can I return to work after retirement?
- When can I get my 401(k) or 457 money?
- What do I do with my annual leave and/or my TERI payout?
- Will Social Security be there for me?
- How and when do I apply for retirement, Social Security, and retiree health insurance coverage?

Help is on the way!

The South Carolina Retirement Systems offers a one day retirement seminar that will answer all of these questions and more. These seminars are held throughout the year at different locations around the state. Presenters from the Retirement Systems, the South Carolina Deferred Compensation Program, the Social Security Administration, and the Employee Insurance Program will provide you with the information needed to successfully navigate the retirement process.
